**NEW YORK, N.Y. – February 27, 2013** – With an extensive and successful history of installations in the healthcare market, Consolidated Carpet is proud to announce the development of their in-house Healthcare Division. Under this division, expertly-certified associates and specialty-trained installers can provide informed project coordination and execution, tailored to the unique needs of Healthcare Facilities.

Citing their history of successful healthcare projects such as NYU Langone Medical Center, Alexandria Center and Mount Sinai Medical Center, Consolidated has established their commitment to the healthcare segment. Most recently, Consolidated furnished and installed over 85,000 square feet of

custom-cut and installed mixed flooring for the five-story new Patient Pavilion at St. Mary's Hospital for Children in Bayside, New York.

Along with their experience in the healthcare segment, several members of the Consolidated Carpet team have achieved Healthcare Specialist certification from Starnet Commercial Flooring Partnership and the American Academy of Healthcare Interior Designers. Under this certification, Consolidated is able to provide customers with comprehensive product portfolio of flooring solutions for healthcare communities, priced specially for Healthcare Certified Partners. Consolidated Carpet continues to maintain proficiency in healthcare flooring products, installation, and maintenance and can provide customers with exceptional perspective in budgeting products and services for healthcare facilities. Educated in Evidence Based Design and informed decisions, they can also assist in producing the best outcomes for the healthcare community.
